**Torre alle Comete** comes from the extraordinary new vineyards located near the Donoratico Tower at 230 m ASL, one of the highest positions in the denomination. From dawn to dusk the vines are bathed in sunlight, but also constantly caressed by the sea breeze, so this vineyard is airy and cool even during the long summer days.

The vineyard offers a breath-taking view of the Etruscan coast from Livorno to the island of Elba, and is the perfect place from where to admire the island of Gorgona.

Inspired by a sketch of the artist Nicoletta Ceccoli, the label reproduces a dreamlike vision of the tower that dominates Bolgheri, an access key to reveal the magic of this area.

Torre alle Comete is the wine that best identifies our production philosophy with a moderate influence of selected woods and an excellent drinkability despite the tannic structure of the wine. A perfect organoleptic balance with an intriguing and harmonious taste.
